

RE: Name Change Notification

Dear Valued Customer,

First and foremost, thank you for your partnership with Marimon. Your business is extremely important to us. Back in July 2019, we announced some exciting news about Marimon joining forces with Flex Technology Group (FTG). This has been a game-changing combination for the Marimon team, allowing us to offer our customers, partners, and employees the benefits of a larger organization and expanded scope of solutions and services.

That is why it's with great pleasure that we've made the decision to more closely align our business and identity with FTG and change our name to FTG-Texas - effective July 1, 2020.

This name change will build upon the successful business that Marimon has today and positions us for further growth opportunities. Our commitment to you, our customers and partners, remains our highest priority. By rebranding ourselves as FTG Texas, we hope to eliminate any marketplace confusion so that we can focus on providing our customers with the best in class office technology solutions available in the market today. This rebranding will not affect or delay any current or future orders of Marimon products or solutions. However, this letter serves as notice that all packaging, marketing collateral, and related documents will be gradually rebranded starting July 1, 2020.

For your future reference, we are sharing with you the new logo that will replace our old logo on all corporate documents, envelopes, shipping documents, printer tags, etc.

Special Note: Our financial services division, MBM Financial, will remain the same. For those that receive invoices from MBM Financial, please make your payment(s) according to what is stated on your invoice.

We thank you for your continued support and patronage, and we look forward to sharing our new name and look with you starting July 1st. We look forward to continuing serving you and your business.

Respectfully,

Ron Nielson, President

Flex Technology Group of Companies
